Denise,

We don't have a real agenda for the meeting. It is intended to be technical in nature with a comparison and discussion of total removal cost estimates (EQ's and ours from the FS).

The attendees are myself, Jim Saric, Jan Carlson, Joan Tanaka, Becky Frey and Rick (likely) from EPA. Jeff Keiser and Beth Rohde from CH2MHill (our contractor) will be there in support. Mayor Hopewell, Bruce Merchant and Mike Wetzel will be there from the City of Kalamazoo. Their contractor support will be Rick Burns (NTH consultants) and Mick Warner (EQ).

The meeting is in 612 and scheduled for a 9:30 start.

Thanks,  
Michael

Michael and Megan:

Thanks for your voice mail messages about the City's invitation to Rep. Upton's office to attend Thursday's meeting. I've sent the staffer, Lynn Turner, an email to confirm that she's planning to be here.

I also checked with both Sens. Levin and Stabenow. At this point, neither office plans to participate in person or via phone. I reiterated that I'll keep them posted as plans move forward, and invited them to check in with me anytime for an update.

Since a congressional staff member will be on hand, I should probably be there, too. The meeting's at 9:30 a.m. in room 612, correct? Will someone please send me the list of attendees and agenda, if there's one?

(I'll shoot the RA a quick heads up now, and will copy Rick. He mentioned the meeting with the Mayor and the new control signed by all three at senior staff this morning.)

Thanks,  
Denise
